Woodgrain
Clapboard in
silver ash

Double 4"
Woodgrain
Dutchlap in
snow

Rigidform™ Technology

RigidForm 160 (rolled-over nail hem) technology stiffens siding for a straighter-on-the-wall appearance and has been tested* to withstand wind load pressures up to 160 mph.

* Wind load rating per VSI wind speed calculation guidelines.

DuraLock® features an oversized rigid tear-drop shape which is substantially larger than many competitors' locks, providing secure installation.

The angular locking leg creates a secure, snap-fit installation, allowing for necessary expansion and contraction.

The STUDfinder™ Installation System

STUDfinder combines precisely spaced nail slots with indicator letters, designed for accurate and secure installation.

STUDfinder for Accuracy

- Nail slots align with 16" on-center standards for stud spacing.
- Indicator letters help:
 - Determine location of studs
 - Ensure nails are positioned correctly
 - Ensure correct number of nails are used

STUDfinder for Security and Performance

- Nailing to studs provides a strong and secure connection.
- Protects against blow offs from under nailing.
- Protects against buckling from over nailing.
- Helps avoid nailing into hazardous items between studs like plumbing or wiring.

STUDfinder... because beauty and performance start with a quality installation.

Double 5" Woodgrain Dutchlap in natural clay
 Single 8" Woodgrain Clapboard in colonial white
 Single 6-1/2" Brushed Beaded in oxford blue

Color performance, impact resistance and durability are assured through our exclusive PermaColor™ System, a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry.
